

LARGE FORMAT PRINT GUIDELINES

These guidelines are to be followed when supplying print ready files

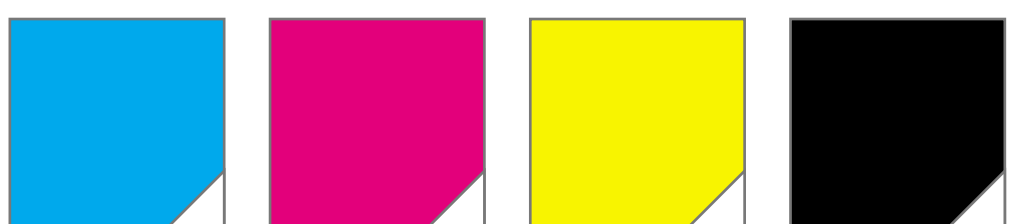

artwork to be set up at

1/4 SIZE

All files will be printed using large format printers that only use

CMYK

include **3mm**

BLEED

to all artwork files

we will NOT be able to print any special colours, so

NO SPOT COLOURS

all artwork that has been designed spreading across multiple panels should be supplied as

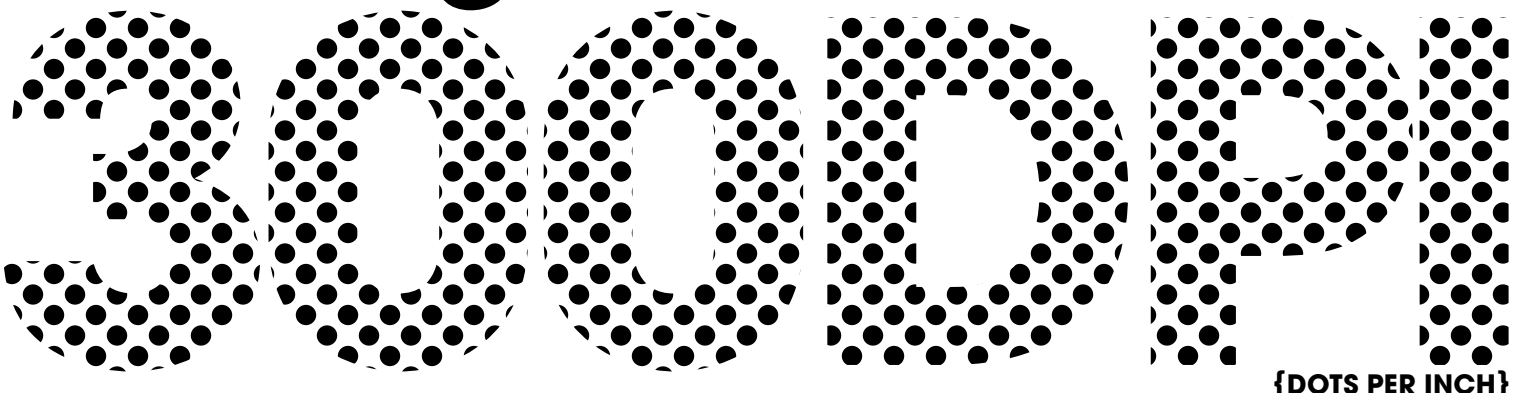

a low res or text file illustrating the panel break down should also be supplied

NO CUT LINES OR GUIDES

to be included on any final hi-res print ready files

all images used must be

TRANSPARENCY

can cause issues when printing, so please save as Hi-Res PDF - X4

Hi-RES PDF

is the only format that we will accept as print ready files

files supplied for print not following the above will be

REJECTED

and requested to be resupplied with the corrections to save time and errors at print, please supply as requested
